Parker Desk Set

DE LUXE MODEL

This masterpiece of desk sets was designed for Parker by the famous sculptor, James Cady Ewell. Made of such a chaste design that it serves not only a useful purpose but is ornamental as well. The style will be popular years from now as it is today.

It consists of a bronzed metal base 16 x 10 inches, an 8-day clock, compartments for clips, matches, cigarettes, etc.

The pens are two Senior Duofold De Luxe Pens in Black and Pearl.

From the standpoint of both pens and base, there is nothing finer to be had at any price—\$100.00.
